Intensive Exam Courses 2024

Prepare B1 Preliminary, B2 First and C1 Advanced courses are intensive exam preparation courses. There are two components: Face-to-face learning and online learning, which make this course perfect for those students who really want to pass the **Cambridge English B1 Preliminary, B2 First or C1 Advanced exams**. **The online component consists of 6 modules** in which students can, alongside the face-to-face input, reinforce their learning at their own pace. Students will have access to the online course components from the first day of the course until the end of the course.

As these are exam preparation courses, **students are advised to take the exam as soon as they finish this course**. The exam dates for ES409 (San Sebastian) are also shown below. Please note that **the cost of the exam is not included in the course fee**.

Courses are available in July and August on the dates below. **Students can choose from two timetable options and these are subject to availability and the demand for each time slot.**
